

**DESCRIPTION**

GRIGIO OUT has been designed to revive wood items whose surface has become dull for the direct action of weather agents. The product restores the natural colour of wood facilitating the removal of top damaged layers from floors, garden furniture and fittings. It does not damage expansion joints and rubber.

**HOW TO USE**

This is a ready-to-use product and can be applied with a roller or a brush or sprayed directly on the surface to treat from a distance of about 20-25 cm. Wait 5 to 10 minutes then peel off the film that has formed on the surface, using a putty knife or a medium hardness brush. This film can also be removed from the surface using a liquid vacuum cleaner. In this case, leave to act for maximum 12 hours. In presence of high temperatures, it is advised to wet the surface before applying the product.

**PRECAUTIONS**

It is advised to test a small inconspicuous area first. Avoid prolonged contact with other materials.

**COVERAGE**

If sprayed: approx. 25 square meters per litre.

If applied with a roller or a brush: approx. 15 square meters per litre.

**PACKAGING**

Bottle 1 lt. Box 12 pieces.

Bottle 5 lt. Box 4 pieces.

**CHEMICAL AND PHYSICAL CHARACTERISTICS**

Appearance	Liquid
Colour	Brown
Odour	Typical
Specific gravity	1.000 ± 0.01g/cm <sup>3</sup>
pH	n.a.
Biodegradability	Over 90%
Solubility	completely soluble at any ratio
Storage life	12 months if stored in its original, unopened containers at a temperature of between +10°C and +25°C

**ATTENTION**

Ingredients according to Regulation (EC) No. 648/2004: Less than 5% sodium hydroxide

Do not dispose into the environment. As well as following good working practices, before applying the product we recommend you read the safety recommendations which can be found on our website [www.federhomecare.it](http://www.federhomecare.it) or can be requested from your local dealer, as well as the instructions on the packaging. Do not store at temperatures below 10°C. We decline all liability for work and damage that may arise from the improper or incorrect use of the product. All the information and recommendations about the product and its use are based on extensive laboratory testing and practical experience. However, since it is not possible to anticipate all conditions of use, these indications shall not be binding and do not imply liability on our part. The end user shall be held responsible for the use he/she makes of the product and for testing the characteristics of the product in advance. The reproduction, even partial, of our product sheets is forbidden. The data refer to the standards in force at the time of printing (2013).
