

DESCRIPTION

WET FT is a water-based water oil repellent with colour enhancing qualities. It is suitable for walls and floors, both interior and exterior, in: terra cotta, bricks, stone, raw granite and marble. It protects the surface from weather agents and makes dirt removal easier.

HOW TO USE

Apply on clean dry surfaces evenly with a pad, brush, short hair roller or wax applicator. Apply one or two coats of product waiting at least 2/3 hours between each coat. These are generally sufficient to give the surface the right colour and excellent water and oil repellance. Spread the product more evenly if necessary, and remove any excess with a soft pad.

PRECAUTIONS

Do not apply the product at temperatures below 10°C or on hot surfaces exposed to direct sunlight. Provide suitable protection from rain and wait at least 48 hours before walking on the surface. Make sure to avoid any dripping when using the product on vertical surfaces. Always test a small inconspicuous area first for final colour.

COVERAGE

Approx. 10/12 square meters per litre, depending on the absorption rate of the material.

PACKAGING

Bottle 1 lt. box 12 pieces

Bottle 5 lt. box 4 pieces

CHEMICAL AND PHYSICAL CHARACTERISTICS

Appearance	Liquid
Colour	Milky
Odour	Mild
Relative density	1.000 ± 0.01g/cm ³
pH	n.a.
Storage life	12 months if stored in its original, unopened containers at a temperature of between +10°C and +25°C

ATTENTION

Do not dispose into the environment. As well as following good working practices, before applying the product we recommend you read the safety recommendations which can be found on our website www.federhomecare.it or can be requested from your local dealer, as well as the instructions on the packaging. Do not store at temperatures below 10°C. We decline all liability for work and damage that may arise from the improper or incorrect use of the product. All the information and recommendations about the product and its use are based on extensive laboratory testing and practical experience. However, since it is not possible to anticipate all conditions of use, these indications shall not be binding and do not imply liability on our part. The end user shall be held responsible for the use he/she makes of the product and for testing the characteristics of the product in advance. The reproduction, even partial, of our product sheets is forbidden. The data refer to the standards in force at the time of printing (2013).
