

DESCRIPTION

SOAP F has been formulated especially for outdoor wooden floors. SOAP F is a cleaner with high nourishing qualities, ideal for maintaining and revitalising natural timber surfaces thanks to the precious oils contained in its formula. It maintains the natural appearance of the timber for a long time, if used regularly, protecting it from weathering, wear and decay.

HOW TO USE

Stir well before use, and dilute in water using a dilution rate of 1l in 5 litre water. Rinse thoroughly using a clean mop or cloth and scrubbing brush. After floor is dry, rinse again as above but using a dilution rate of 1l in 3 litres water. The product dries without leaving run marks or streaks. Frequency of use: every 15 to 30 days.

PRECAUTIONS

It is advised to remove any product buildup. Do not use mops to apply the product. Prevent the product from coming into contact with porous building materials such as stone, marble etc. Do not apply on hot surfaces.

COVERAGE

Approx. 50/60 square meters per litre.
